Sir:

In response to the Office Action dated August 6, 2003, Applicant elects Group I (i.e., claims 1–16, 18, 22, and 23), with traverse. In requiring restriction under 35 U.S.C. 121, the Examiner states that “[i]n the instant case, the product [of Group I] can be used in a materially different process, such as an electron beam exposure process.” Applicant respectfully notes that use of such an exposure process is encompassed by at least some of the claims of Group II. See, e.g., paragraph 3 of the specification as filed.
